A group consisting of 3 or more players has 10 lessons (45 minutes) with the teacher at their disposal each semester. A duo has 6 lessons each semester.

Each semester chamber music groups may choose between two performance alternatives:

- a) The group performs parts of their repertoire at a concert. The group is responsible for the practical organisation of the event.
- b) The group performs 10 minutes of their repertoire at a semester test in December (autumn semester) and in May (spring semester)

Groups with master students must choose to perform at a concert and cannot choose the semester test. Tick the box to choose which performance alternative you prefer.
